A Message From the Arkansas Scholarship Lottery:

We hope you are enjoying the beautiful month of April as much as we are here at the Arkansas Scholarship Lottery!

We are always looking for new ways to inform the people of Arkansas about ASL games. To that end, we hope you have noticed the new emphasis we have been placing on having an Arkansas Scholarship Lottery presence in social media. It's just another way for the ASL to try and spread the word about the exciting games and big jackpots we have available to players across the state. But, perhaps more importantly, it's also another way for the Arkansas Scholarship Lottery to tell the story about the good things that come from being able to provide scholarships for higher education to deserving college-bound Arkansas students.

However, as you know, this grand, symbiotic collaboration in the state between the Arkansas Scholarship Lottery, the Arkansas Department of Higher Education, ASL players and student recipients of lottery-funded scholarships statewide simply does not work without the diligence you, the ASL retailer, provide.

We at the Arkansas Scholarship Lottery are proud to be a part of helping make Arkansas a better, smarter state -- and we hope you are, too.

As always, thank you, ASL retailers!

APRIL

Mapco Mart

Pictured Above: Richard Ney.

location:

Mapco Mart, 10340 Highway 107, Sherwood (Pulaski County).

open since:

November 2011, according to manager Richard Ney of Houston, Texas.

ASL retailer since:

December 2011.

favorite thing about the lottery:

"It's a good draw," Ney said. "It gets people in the building -- especially when the jackpots go up."

Favorite game for customers:

"They like the new games. You're not as far along here with the lottery as we were in Texas to get 'staple games.' Customers won't let you forget about those – [customers] know the games better than [workers] do," he said. "I wish my employees paid as much attention to the games as the customers!"

store specialty:

This still-new Mapco Mart in Sherwood is a gargantuan store with many features. There's a huge coffee bar, a newsstand, 15 gas pumps, a to-go food area with salads, sandwiches and fruit, as well as grocery, convenience store and automotive items. But Ney says the best part of the store is My Deli, which offers salads, soups and sandwiches – and everything "handmade from scratch," he said. "Even the meatballs are hand-rolled. It's good, good food. It's the first one in Arkansas; we have a different food concept. It's something new." In rolling out the new expanded Mapco store concept in Sherwood, Ney said, "It's something big, something wide open."
